

CACOMA

CAMPAIGN AGAINST CORRUPTION OF MANOY ALIPON

Whilst others are at an advanced stage of planning, Corrupt City Vice Mayor Manoy Alipon's 2010 election campaign is comatose through fear of what CACOMA brings to Santa Rosa. Our campaign fund is growing at a fantastic pace and is now bigger than anything that Satan-worshipper Manoy and his gang can ever raise in time for next April. He has made so many enemies among residents of Santa Rosa City, residents of Laguna and other provinces, among OFWs and foreign investors around the world, among corporate decision makers here and in overseas Head Offices, among rival politicians here, and among politicians outside Laguna including some overseas whose association with him has proved disastrous in their own careers.

"Ang hirap ng buhay namin. Samantalang yung iba, ninanakaw lang ang pera ng bayan na pwede sanang gamitin para matulungan kaming mahihirap."

- Victim of poverty caused directly by political corruption

Manoy Alipon is a menace. He is a serious threat to the stability of Santa Rosa City and Laguna. His corruption knows no bounds and he is dedicated to extending it to other provinces. Backed by his many enemies and their combined enormous worldwide resources, CACOMA is focused exclusively on stopping Manoy from causing further misery, destruction, poverty, crime, pollution, disease and death to the good people of Santa Rosa — especially the poor who are the most victimized by his Satanic graft, corruption, extortion and plunder. CACOMA will coordinate activities of affiliated anti corruption and pro human rights groups in the 2010 election campaign by organizing and overseeing a peaceful, well planned, efficient and effective campaign against the City Vice Mayor Manuel Gonzales Alipon. This will include, but not be restricted to, the following:

CMT:

Anyone solicited for donation to Manoy's campaign fund is advised to decline. Backlash odds are stacked so highly against him that he cannot possibly win. As in 2004, all donations will be wasted.
